Santa Ana Unified School District

Deputy Superintendent, Operations/CBO 2015-16 Second Interim Message

On June 23, 2015, the Governing Board adopted its 2015-16 Budget based on expenditure and revenue projections that were developed during the Governor's May Revision as well as activities and services outlined in the adopted 2015-16 Local Control Accountability Plan (LCAP). On December 8, 2015 the Governing Board approved the First Interim Budget Report which encompassed all of the financial changes and adjustments that occurred through of October 31, 2015. This document, the Second Interim Budget Report, includes all financial changes as of January 30, 2016.

Every California school district is mandated to prepare this interim report to ensure financial accountability and is the basis for our quarterly certification required by the AB1200. This second interim budget report represents a <u>positive certification</u>, which affirms that the district will be able to meet its current fiscal obligations this year and the subsequent two years.

Smarter School Spending Program

The District has engaged in a pilot program (Smarter School Spending Program) to better align educational and organizational goals and outcomes to budget development and resource allocation.

Over the course of the next eighteen months, the tools and frameworks put into place by this program will be incorporated into our LCAP planning and Budget development process to better manage our programmatic and budget priorities and expectations.

Multi-Year Planning

The district forecasts its expenses and revenues out over a 3 year period which reflects our instructional plans, LCAP initiatives, and other operational adjustments. A few long-range external pressures that will result in increased costs to the district and that the district continues to monitor and plan for are the Other Post Employment Benefit Obligations (OPEB), as well as increases in the district's State employee retirement contribution (STRS and PERS).

While the district has demonstrated the ability to manage these and other costs through the 2017-18 school year, we continue to forecast and monitor projected changes in future years. One significant change is the projected declines in student enrollment over the next 3 years. Monitoring

and planning for these changes will help us to ensure ongoing fiscal solvency as we maintain the district's basic levels of operations. Ultimately, budget and programmatic priorities for new or redirected dollars are determined by the Board of Education with considerable input by our community stakeholders through the Local Control Accountability Plan (LCAP) process.

Major Budget Assumptions

This Second Interim Report assumes:

- 2015-16 One-time revenues of which \$27M will be spent over the next 2 fiscal years
- Declining Enrollment of 1,214 students in the 2015-16 from the 2014-15 budget and 1,629 in the 2016-17 budget
- 2015-16 Local Control Funding Formula (LCFF) gap funding projected at 51.97%; and 2016-17 at 49.08%
- All collective bargaining settled for 2015-16
- COLA of .47% down from 1.60% for 2016-17

Introduction and Overview

2015-16 SECOND INTERIM

JANUARY 2016

The District develops the budget for each year by identifying the changes in revenue from the Local Control Funding Formula (LCFF) and expenditures that are continuing, mandated, or required for operations. The Local Control Accountability Plan (LCAP) is the guiding plan for programming any new funding that is available after balancing the revenue and expenditure projections. The LCAP plan process is the guiding point set by the Board of Education and the community in providing prioritization for new funding as it becomes available after meeting all obligations for continuing, mandated, or required for operations.

Second Interim Budget Report

Orange County Department of Education (OCDE), the District's oversight agency, provides guidance and direction as to which assumptions should reasonably be incorporated into the District's Second Interim Budget Report.

The key assumptions included in the Second Interim Budget are as follows:

Revenue Adjustments:

- The unduplicated count of 94.76% (students who qualify for free or reduced price meals, English learners, and/or Foster Youth);
- The State LCFF gap funding rate of 51.97% for the current year (2015-16). This decreased revenue for the current year funding from first interim by approximately \$0.7 million;
- An increase in Medical Administrative Activities (MAA) funding by approximately \$0.3 million;
- A decrease in Title I funding by approximately \$0.4 million;
- The inclusion of state's on behalf pension contribution to CALSTRS of approximately \$15.7 million due to new state regulations. This amount was also recorded in the expenditure budget, thus resulting no impact on the District's ending fund balance;
- A decrease in local funding by approximately \$0.2 million for Orange County Career Pathways Partnership program.

Expense Adjustments:

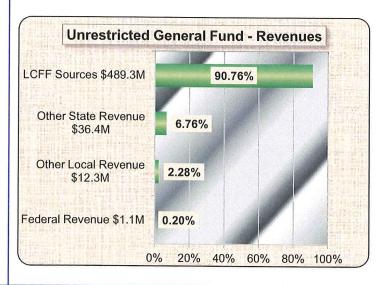

- An increase in certificated salary of approximately \$18.8 million due to a raise of 8% as well as budget transfers;
- A decrease in classified salary due to vacant positions adjustment of approximately \$0.4 million;
- An increase in employee benefits of approximately \$2.1 million due to a raise in certificated salary as well as the recording of the state's on behalf pension contribution to CALSTRS of approximately \$15.7 million due to new state regulations;
- A decrease in non-salary expenditures of approximately \$0.7 million due to budget transfers.

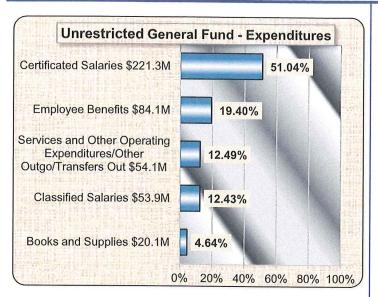

Labor Contract Negotiations:

 All negotiations with the certificated and classified unions, such as SAEA, CSEA, CWA, and SASPOA have been settled.

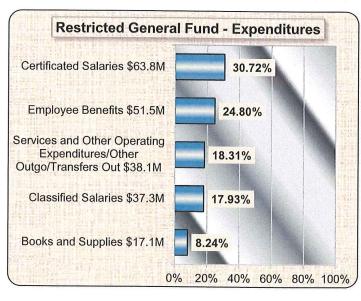

Second Interim Budget Data

To represent the District's budget in a more readable format, the following bar charts identify and allocate the various elements and proportions of the 2015-16 budgets for the unrestricted and restricted general funds. (i.e. the General Fund or Fund 01).

Second Interim Budget - All Funds

In addition to the General Fund, the District has other funds that are utilized for specific purposes. In the table below, you will see a summary of the District budget for these other funds at the Second Interim.

Funds are allocated to the District based upon several criteria. The State requires that various funds be maintained for the proper accounting of revenue and expenditure activities carried out within the various funds. The "fund type" is important because it determines how the financial resources must be spent.

| Fund # | Fund Name (\$s in millions) | Total Budget Expenditures Incl. Other Financing Sources/Uses |
|-----------|--|--|
| 01 | General Fund, Unrestricted & Restricted | \$661.0 |

| 21 | Building Fund | 7.7 |

District Multiyear Projections – General Fund

Multiyear projections (MYPs) are required by AB1200 and AB2756. It is the obligation of the school district to show that it will be able to meet its financial obligations in the current year and two subsequent fiscal years. A barometer of a district's financial strength is the district's unrestricted reserve percentage. Districts the size of

SAUSD are required to maintain unrestricted reserves of at least 2% or roughly \$10.0 to \$13.0 million. While \$10.0 to \$13.0 million is a significant amount, the reserve is less than two weeks payroll, with monthly payroll approximately \$30 million.

All programs and expenditures are reviewed at each interim reporting period and adjusted based upon the actual employees and costs for those programs. The multiyear projections were also adjusted, beginning in 2016-17 to account for:

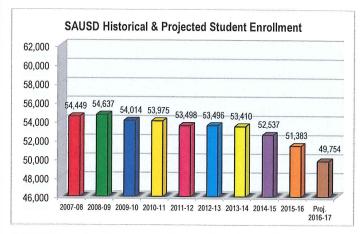

- The elimination of one-time discretionary funds of approximately \$27 million;
- The elimination of one-time Educator Effectiveness funds of approximately \$3.9 million;
- The elimination of Regional Occupation Program funding being transferred from the County Office (\$0.8 million);
- The impact of declining enrollment from 2015-16 of 1,568 Average Daily Attendance (ADA) (approximately \$15 million) as the District receives funding based upon the higher of the current or previous year ADA;
- The elimination of California Career Pathway Trust funding of \$6 million for CTE program;
- The reduction of E-Rate funding of approximately \$7.4 million;
- The elimination of one-time funding of \$1.5 million for the kitchen remodeling at Santa Ana High School;
- The elimination of one-time funding of \$9 million for OPEB.

The District uses the estimated Department of Finance (DOF) gap funding rate of 49.08% and 45.34% for 2016-17 and 2017-18, respectively. This translates into a projected increase in revenue from 2015-16 by approximately \$23.5 million and \$29.4 million for 2016-17 and 2017-18, respectively.

The State funds districts based on students who attend school.

Student Enrollment. The District has experienced enrollment loss in 13 of the last 14 years. For the current year, the District is utilizing the October 2015 CBEDS count. The District anticipates losing 1,629 students in 2016-17 and additional 815 loss in 2017-18. The projected decline in

student enrollment is incorporated in revenue projections for the Second Interim.

SAUSD is submitting a positive certification to the State based on revenue assumptions that the District will be able to meet its General Fund obligations in the current and two subsequent budget years.

Cash Flow Considerations

In 2014-15, the Governor ended all outstanding cash deferrals for K-12 education. The District projects a positive cash flow for 2015-16 and 2016-17 without any borrowing. The District continues to diligently monitor its cash flow situation.

Charter Schools Special Revenue Fund (09)

The Charter School Special Revenue Fund is a special revenue fund used to record pass-through financial activities for Advanced Learning Academy.

The Fund 09 is utilized as the chief operating fund to account separately for the activities of Advanced Learning Academy. Currently the projected revenue is insufficient to cover its operating expenditures. Thus, the General Fund (Fund 01) is contributing to this fund by means of an interfund transfer.

The projected fund balance of \$46 thousand is to be utilized to cover portions of the operating expenditures that are currently encumbered in the General Fund. These encumbrances will be transferred out of the General Fund and in to this fund once they are paid out.

Child Development Fund

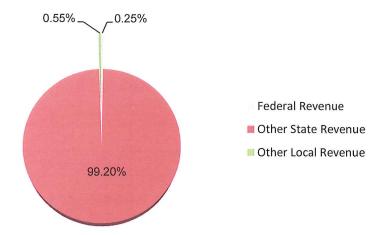

Artwork created by a Santa Ana Unified School District, Willard Intermediate student.

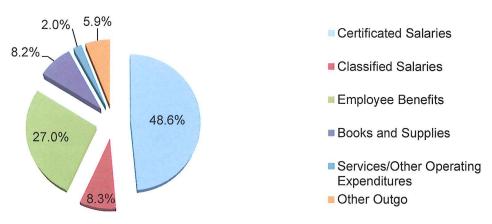

CHILD DEVELOPMENT FUND (12)

The Child Development Fund is a special reserve fund for the operations of child development programs. Total projected revenue is \$3.8 million.

The Child Development Fund is used to account for financial activities pertinent to state preschool programs. Employees' salaries and benefits represent the largest expenditures (83.9%). Total projected expenditure is \$3.8 million.

The District relies heavily on State revenue to run its daily operations in educating our preschool students.

The State Preschool Program allows the District to set aside as a reserve an amount up to fifteen percent of the current year's California State Preschool Program (CSPP) contract. Of the fifteen percent retained, ten percent is intended for the specific purpose of professional development for CSPP instructional staff. The District will spend any excess amount by June 30, 2016.

Cafeteria Special Reserve Fund (13)

The Cafeteria Special Revenue Fund is a special reserve fund for operation and improvement of food service programs. The largest revenue comes from the Child Nutrition Programs (Federal) through a reimbursement process (88.4%). Total projected revenue is \$35.8 million.

The Cafeteria Special Revenue Fund is used to account for financial activities pertinent to food service programs. Books and Supplies (food related) represent the largest expenditures (41.1%). Total projected expenditure is \$38.0 million.

The District relies heavily on Federal revenue to run its daily operations in feeding our students. The District is projected to spend approximately \$1.5 million more than its anticipated revenue by June 30, 2016 due to the required spend-down plan by the California Department of Education. Thus, the projected fund balance will be reduced to approximately \$20.2 million.

Deferred Maintenance Fund (14)

The Deferred Maintenance Fund is a special reserve fund established to account for facility maintenance purposes. The Deferred Maintenance Program is now part of the District's Local Control Funding Formula (LCFF). However, the District maintains the fund as restricted for historical data tracking purposes. The State revenue of approximately \$2.2 million was transferred to the Deferred Maintenance Fund by means of a LCFF Sources transfer.

The Deferred Maintenance Fund is used to account for major repairs or replacement of the District's property. Services/Other Operating Expenditures represent the largest expenditure (51.0%). Total projected expenditure is \$3.8 million.

Special Reserve Fund for Capital Outlay Projects

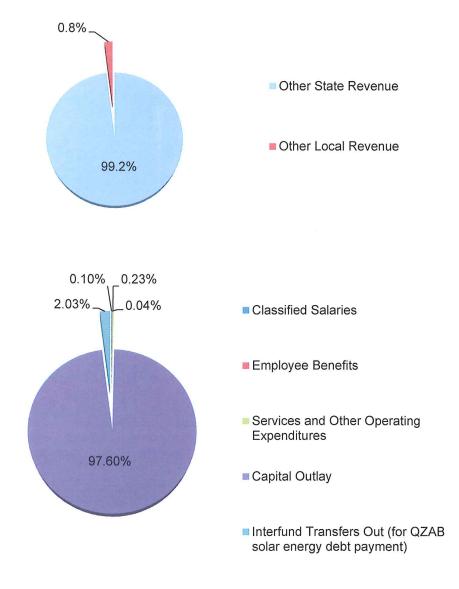

Artwork created by a Santa Ana Unified School District, Willard Intermediate student.

Special Reserve Fund for Capital Outlay Projects (40)

The Special Reserve Fund for Capital Outlay Projects is a capital project fund established to account primarily for capital outlay purposes.

Revenue received from the Emergency Repair Program (ERP) and the E-Rate reimbursement program are utilized for construction projects at various sites. Every year the District will transfer the projected accumulated savings on electricity costs from the unrestricted general funds to this fund for QZAB debt payments. The District transferred \$1.5 million to fund the kitchen remodeling project at Santa Ana High School.

The projected fund balance of \$2.9 million is reserved for future capital outlay projects (\$1.4 million) and the kitchen remodeling project at Santa Ana High School (\$1.5 million).

Self-Insurance Fund

Artwork created by a Santa Ana Unified School District, Willard Intermediate student.

Self-Insurance Fund (67)

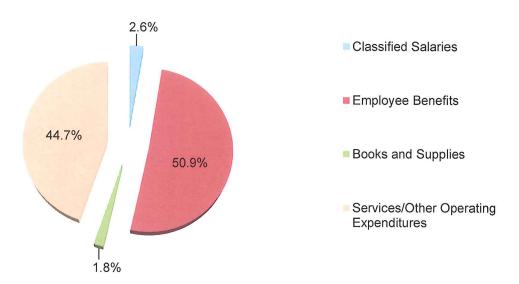

The Self-Insurance Funds are funds established to separate moneys received for self-insurance activities from other operating funds of the District.

Each type of self-insurance activity has its own sub-fund that rolls up to Fund 67:

- Workers' Compensation (Fund 68)
- Health and Welfare (Fund 69)
- Property Liability (Fund 81)

The Self-Insurance Funds are used for claim payments, estimates of costs relating to incurred-but-not-reported (IBNR) claims, administrative costs, deductible insurance amounts, cost of excess insurance, and other related costs.

The Self-Insurance Funds rely heavily on District's funds, primarily the General Fund (Fund 01) for its operational costs.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702) (Functions 7200-7700, goals 0000 and 9000)

18,127,938.01

- 2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800.
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool.

Retain supporting documentation.

Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

S8. Status of Labor Agreements

Analyze the status of employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
