

GUARDIANS OF THE ASTRO GALAXY

MONDAY, SEPTEMBER 25, 2017

Thanks to all of you who joined in the grand opening of our new Staff Collaboration and Relaxation Space. I wanted to provide teachers and staff a comfortable and inviting space where they could get together, rest and collaborate.

GUARDIANS OF THE ASTRO GALAXY

MONDAY, SEPTEMBER 25, 2017

Congratulations to our parents for completing their leadership course! We have several parent committees: Copy Center, Campus Beautification, Safety and Teacher Appreciation. I am ecstatic to have so many parents involved at Carr.

Congratulations also to Mr. Jack's for his dedication to growing the Film and Video Journalism classes. Thanks to generous donors, including our staff members, Mr. Jack was able to raise enough money for a teleprompter, a video camera, and a wireless microphone. This equipment will give our students a more authentic experience. Thank you to Mr. Jack and all of the donors who helped make this possible!

So far the feedback on the Dashboard has been awesome! The vast majority of us feel that it is a very useful tool. A teacher let us know about a glitch with the ODRs and we fixed it right away. Please let us know if you see any issues and we will most likely be able to address them very quickly. We do have a running list of new features that users are interested in. I'm glad that this tool is helping our school to be more cohesive, and I hope to provide our staff additional tools as we can. Thanks Astros!
